Description

Product Details

Unleash the strength of the powder-coated steel BOSS XT – the ultimate plow built for the toughest winter conditions. Featuring signature flared blade wings and an enhanced curl design, the Steel BOSS XT effortlessly throws snow higher and farther, giving you unmatched efficiency and control. Engineered for the toughest conditions, the XT’s full moldboard trip system absorbs impact by

allowing the entire plow to trip forward when encountering obstacles, minimizing stress on both your equipment and vehicle. This innovative design ensures lasting durability and superior performance, so you can take on winter’s worst with confidence. With its heavy-duty steel construction and built-in impact resistance, the Steel BOSS XT is ready to withstand the most brutal snowstorms, delivering the reliability you need to Keep ‘Em Open for years to come.

- Cold Front Technology - Cold Front Technology with a newly designed connector, merging Power/Ground cables and Control wires into one.
- SmartTouch+ - Offers immediate, responsive control with a familiar design, eliminating delays and simplifying your plow operation.
- SL4 with ClearBeam - The low-profile aluminum housing and ClearBeam feature provide exceptional downward illumination, while built-in turn signals, park, warning, and accent lights enhance safety and style.
- SMARTSHIELD PAINT - Sets the standard for supreme quality, corrosion protection, and lasting durability.
- 2-Year Limited Warranty
