Description

X-treme
Power Rake Attachment
The CID X-treme Power Rake provides a versatile tool for your skid steer attachments, in a manual or hydraulic version. The X-treme Power Rake will provide the proper preparation of seedbed grading, leveling and re-conditioning of multiple surfaces. The X-treme Power Rake uses a 16-26 GPM motor inset within the drum. This unique feature ensures the motor does not extend past the

width of the rake, eliminating damage to the motor due to accidental collisions. The Xtreme Power Rake’s bi-directional drum features carbide teeth and removable side plates. The floating design ensures the rake will remAIn level during operation.
