### Description

The 2026 PJ F8 is PJ Trailers' 8" I-beam bumper-pull deckover built for contractors and farmers who haul equipment wider than 83" and need the full 102" deck clearance. The I-beam frame and 33" ultra-low deck height handle everything from wide-stance skid steers to full-width farm equipment. Carrying the deck over the wheels gives you full width end to end, which is the point of a deckover.

• 14K - GVWR with tandem 7,000-lb electric/spring axles
• 8" x 10 lb I-beam main frame with 3" channel crossmembers on 16" centers

• 102" full-width deck with a 33" ultra-low deck height and 2" treated pine lumber flooring
• 2" rubrail with stake pockets and pipe spools along both sides
• 6'6" slide-in channel ramps
• 2-5/16" adjustable coupler (14,000 lb) with 10,000-lb drop-leg jack
• Lifetime LED lighting and electric breakaway system
Please give us a call for details and current trailer availability. Descriptions are subject to possible errors, so we recommend calling to verify all information.
