Description

This 2026 Formula Trailers 8'6" x 20 FT flat front enclosed landscape trailer is built to keep your crew's equipment protected and organized on the way to the job. The flat front with radius corners and round roof improve aerodynamics, while a bed liner-coated steel frame stands up to the daily wear of mowers, trimmers, and landscaping gear. A spring assist ramp door makes loading equipment quick and easy, and flow-thru vents help keep the interior fresh. The 3/4" floor and 16" on-center floor and wall framing provide a solid, durable structure, while 5K axles with electric brakes on both axles handle the load with confidence. With a 9,990 lb GVWR and 6,350 lbs of payload capacity, this landscape trailer is priced at \$13,799.
