Description

SWITCH-N-GO "E" SERIES (ELECTRIC)

- The Switch-N-Go "E" Series Hoist System is an electric-over-hydraulic hoist system built for medium-duty workloads and is ideal for class 4-7 chassis cab vehicles with a GVWR of 13,500lbs-26,000lbs.

- Available in 15,000lbs winch capacity, on Cab to Axle (CA) lengths ranging from 60" to 138"
- Bolt on design allows for easy transfer between chassis.
- Easy single handed operator controls with in-cab and on-hoist connection points.
- Vareity of dump capacities up to 14 tons.
- Hoist system can raise up to 50 dump angle.
- Strong lightweight system to maximize truck payload.
- Self-engaging front body lock to secure body during transport and dumping.
- Switch-N-Go E-Series is perfect for Lawncare, Landscaping, Arborisits, Tree Care, General Contractors, and More.
- Ideal for cab chassis models such as RAM 4500-5500, Ford F450-F600, Interantional CV, Isuzu N-Series, Hino M4-M5, Chevrolet LCF 3500- Silverrado 6500 HD.
