Description

This 2026 HTC 6' x 12' steel utility trailer in Black is built with a powder-coated steel C-channel frame and tube rail sides that hold up to daily use. The spring assist gate makes loading mowers, ATVs, or general cargo a one-person job, and flat hook pockets plus S-hook holes give you multiple ways to strap down a load. A wood deck and radial tires keep things simple to maintain, and EZ lube hubs make routine service quick. The A-frame tongue with setback tongue jack and 2" coupler makes hitching up easy, and E-track accessory slots add versatility for odd-shaped cargo. LED lighting rounds out the build. With a 2,990 lb GVWR and 2,000 lbs of payload capacity, this HTC utility trailer is priced at $2,799.
