Description

NEW Big Tex 14LP-16-6SIR 7x16 14K GVW Low Profile Dump Trailer
Effortless Dumping, Unmatched Durability!

Introducing the 2025 Big Tex 14LP Low Profile Dump Trailer, meticulously designed for easy loading and unloading. This 7x16 foot, heavy-duty dump trailer boasts an ultra-low deck height and an 8-inch I-beam frame, making it incredibly user-friendly and exceptionally strong.
With a 14,000 lbs GVWR and an empty weight of 4,811 lbs, the 14LP is ready for serious work. It s equipped with (2) 7,000# drop axles with EZ Lube hubs and electric brakes for superior performance and stopping power.
Key Features for Maximum Efficiency:
Low Profile Advantage: The ultra-low deck height simplifies loading heavy machinery or materials, saving you time and effort.
Robust Construction: Features an 8 I-beam frame with an integrated tongue, 10-gauge smooth steel floor, and 24 tall, 10-gauge steel sides with formed channel supports.
Powerful Hydraulics: A self-contained electric/hydraulic scissor hoist offers power-up/power-down and gravity-down functionality, powered by a 12V Interstate deep cycle battery with an on-board 110V charger.
Versatile Gate System: A combo gate provides both barn doors and a spreader gate, adapting to your specific dumping needs.
Secure & Convenient: Includes (4) 1/2 D-rings inside the bed to secure equipment, stake pockets along the sides, and rear stabilizer stands for stability during dumping.
Integrated Tarp System: Comes standard with a crank-style roll tarp, fully formed tarp shroud, tarp rod, and J-hooks for secure tarp control.
Premium Components: Equipped with premium brand cambered axles featuring forward self-adjusting electric brakes, radial tires, and a 12,000# side wind drop leg jack.
Advanced Lighting & Wiring: Features a full L.E.D. lighting package with grommet mount sealed lighting and a sealed, modular wiring harness for reliability.
