Description

Whether you're hauling mulch for a landscaping job or moving equipment around the property, this 2026 HTC 6' x 12' steel utility trailer in Black is built to keep up. The steel C-channel frame and tube rail sides are powder coated against rust, and the spring assist gate saves your back when loading heavier items. S-hook holes and flat hook pockets give you tie-down flexibility, while EZ lube hubs keep maintenance quick and simple. A 2" coupler, A-frame tongue, and setback tongue jack make hitching up painless, and E-track accessory slots add versatility for odd-shaped loads. LED lights and radial tires round out the build. Rated for a 2,990 lb GVWR and 2,000 lbs of payload capacity, this HTC utility trailer is priced at $2,799.
