Description

The Diamond C LPT dump trailer with 44” tall sides is built for folks who need to haul big, bulky loads without making a dozen trips to get it done. Those tall sides are just right for brush, mulch, hay, or debris, keeping everything piled up where it belongs. It’s equipped with a telescopic cylinder that gives you strong lifting power and a steep dump angle, so material slides out clean without hanging up. Up front, there’s a large toolbox that keeps your pump, battery, and tools protected and easy to get to when you need them. The engineered tongue adds extra strength and stability when you’ve got it loaded down, and it tows nice and steady behind the truck. Built tough with a heavy-duty frame and made for real work, this is the kind of dump trailer that saves you time and stands up to whatever you throw at it.
