Overview
The Vision® Aluminum Cargo Trailer offers premium durability with a lightweight aluminum build, perfect for hauling with style. Designed for versatility, this enclosed trailer features a seamless aluminum roof, VHB bonded exterior, and high-performance wood walls and floors. Ideal for secure transport, it’s built tough with an aluminum tube frame and drop spring axles. Customize your cargo trailer with ramp or barn-style doors and experience unmatched reliability.
Frame and Construction
The Vision® Aluminum Cargo Trailer is engineered for strength with aluminum tube frame rails, crossmembers, tongue rails, and 16” on-center wall studs. The sloped V-nose profile improves aerodynamics, while the seamless aluminum roof offers long-lasting protection. Easy-lube drop spring axles ensure smooth towing, and the ATP nose cap and 24” stoneguard provide added front-end durability.
Exterior Features
This enclosed trailer boasts a VHB bonded, screwless .030” aluminum exterior for a sleek, modern look. Choose between a rear ramp with a 12” extension flap or barn-style double doors. Sidewall airflow vents maintain interior ventilation, while LED taillights with integrated reverse lights enhance safety. Color-matching rear corner wraps and a cast aluminum side door holdback complete the polished exterior.
Interior Features
Inside, the Vision® Aluminum Cargo Trailer offers high-performance engineered wood walls and 3/4” engineered wood flooring for maximum strength. LED interior lights with a wall switch keep your workspace illuminated. The SOLIDOOR™ side entry door, crafted with CNC precision-cut aluminum extrusions and a laminated core, offers durable, easy access. Every feature is designed for convenience, making this cargo trailer a reliable, enclosed hauling solution.
