**Description**

The Teske 6 X 12 Lo Pro utility trailer is the first in our line of “Next Gen” trailers which improve customer utility and value. The 6 X 12 Bed Size accommodates most ATV’s, UTV’s and Mowers. The incorporation of a 4? drop axle facilitates easy load and unloading with a flatter angle from ramp to trailer bed. We have also eliminated the “hump” at the transition point from ramp to trailer bed that can catch mower decks on some trailers. The LED lighting is state of the art, DOT approved and very low maintenance. This is the first Teske Trailer to feature radial tires which not only look great, they ride smoother. As always the trailer has the Teske quality and innovation and support our customers have come to expect from our product line.

---

**Features**

- Doors, Windows & Ramps
    - Fold Up Full Width Ramp Gate
