Description

Experience the ultimate in hauling efficiency with the Sure-Trac® Low Profile Beavertail Deckover Trailer. Engineered for versatility and ease of use, this trailer is perfect for transporting a wide range of equipment, vehicles, and materials, making it an essential tool for contractors, landscapers, and outdoor enthusiasts alike.

The innovative beavertail design features a gently sloped rear that simplifies loading and unloading. This reduces the risk of damage to your cargo while providing a smooth transition for wheeled equipment, such as lawn mowers, ATVs, and small vehicles. The low profile structure ensures a lower loading height, enhancing stability and making it easier to manage heavy loads.
