Why Choose a LOOK ST DLX Cargo Trailer?

Overview

The ST DLX Cargo Trailer combines rugged construction with practical design, making it a trusted choice for hauling gear, tools, or toys. Its enclosed trailer design ensures secure transport, while a V-nose profile and steel tube frame deliver both performance and dependability. Loading and access are easy with your choice of a rear ramp door with assist or barn-style double doors, plus a precision-built SOLIDOOR side entry for a square, leak-resistant fit.

Frame and Construction

Built for strength, the ST DLX features steel tube wall studs and roof bows, providing superior rigidity compared to stamped or formed sections. The V-nose front enhances aerodynamics while adding extra storage capacity. Drop spring axles with easy lube hubs offer a smooth ride, and Battlecoat Polyurea coating protects exposed surfaces from wear. Additionally, an asphalt-based automotive undercoat shields the frame from moisture and road debris for lasting durability.

Exterior Features

The ST DLX Cargo Trailer is designed for durability in any environment, featuring a seamless aluminum roof and a partially screwless .030" aluminum exterior secured with VHB bonding and color-matched screws for a clean, resilient finish. A 16" ATP stoneguard guards against road debris, while sidewall airflow vents promote ventilation. The CAD-engineered SOLIDOOR side entry, with precision cut aluminum extrusions and a laminated core, ensures a precise, weather-resistant seal.

Interior Features

Inside, the ST DLX enclosed trailer offers a tough, practical workspace with high-performance engineered wood walls and 3/4" engineered wood flooring, built to withstand heavy loads and daily use. Vinyl-trimmed wall transitions add a clean, finished look. Interior visibility is assured with an LED light and a wall-mounted switch, while all-LED exterior lighting enhances safety on the road. With rugged construction and practical features, the ST DLX Cargo Trailer is built to handle every haul.

Our knowledgeable technicians will make sure that your vehicle is properly set up for safe towing before you leave the lot. Got a towing question? They'll be glad to answer any you may have
- **Customizations** - Need to haul a motorcycle in your trailer? Need e-track on the walls to secure your cargo? Need an extra dome light...or three? No problem! Our service department is able to add many options and perform many customizations. Most of them while you wait
