Description

D3 SERIES
14K BumperPull Dump
The D3 delivers serious payload capacity in a bumper pull configuration. Designed for demanding work environments, it provides the strength contractors need with the convenience of traditional towing — in three length configurations to match your volume.
ENGINEERING HIGHLIGHTS:

Wide 83" bed for maximum material volume per load
Dual-axle configuration matched to workload demands
Heavy-duty I-beam frame engineered for high payloads
Reliable hydraulic dumping for tough, heavy materials
