Description

Rust is never a problem with this 2026 Sport Haven 6' x 12' aluminum utility trailer. From the aluminum frame and deck to the aluminum fenders and wheels, this deluxe build is made to handle years of outdoor use without the corrosion issues steel trailers face. A bi-fold ramp gate makes loading ATVs, mowers, and equipment simple, and tube top rails keep the sides open for loading from any angle. Torsion suspension delivers a smoother ride than standard leaf springs, while the 1,000 lb swivel jack makes hitching up a one-person task. A flute tube tongue, 2" ball coupler, and flat 4 connector round out a well-thought-out build, and LED lighting keeps you visible on the road. With a 2,990 lb GVWR and 2,435 lbs of payload capacity on just a 555 lb empty weight, this Sport Haven aluminum utility trailer is priced at \$4,499.
