Designed For Around-the-clock Contractor Use

For those who want to make a finished lot look like it does in July, the Lot Pro is a professional-grade plow for contractors who need to plow large parking lots and streets. The Lot Pro fits on 2500 pickup trucks and larger. The Lot Pro is available with your choice of two mounting systems: Standard Operating System and EZ-Mount Plus. Both offer premium features such as self-diagnostics and hands-free plowing. The Standard Operating System also offers industry-leading ground clearance.
