Description

This 2026 Formula Trailers 8'6" x 16 FT flat front enclosed landscape trailer is a compact, well-built option for protecting mowers, trimmers, and equipment on the way to the job. The flat front with radius corners and round roof reduce wind drag, and a bed liner-coated steel frame stands up to daily wear and tear. A spring assist ramp door makes loading equipment easy, and flow-thru vents keep air moving through the interior. The 3/4" floor and 16" on-center framing provide a solid, durable structure, while 5K axles with electric brakes on both axles keep towing safe and controlled. With a 9,990 lb GVWR and 6,710 lbs of payload capacity, this landscape trailer is priced at \$13,599.
