Description

The 2026 PJ DL is PJ Trailers' low-profile dump PRO, engineered for contractors who need high capacity with a lower deck height for easier loading. The 8" I-beam frame and scissor hoist deliver serious performance, while the full-length lockable toolbox keeps job-site gear organized. Contractors and landscapers run it for dirt, stone and demolition debris, where a low deck makes loading a skid steer bucket straightforward.

• 15.4K - GVWR with tandem 7,000-lb electric/spring axles
• 8" x 10 lb formed I-beam main frame with 3" channel crossmembers on 16" centers

• 14FT bed with 7-gauge steel floor and 24" 10-gauge UniWall steel sides
• Hydraulic scissor hoist (5" x 17" cylinder) — power up / power down / gravity down
• Two-way barn door / spreader gate with 6'5" slide-in channel ramps
• Full-length lockable tongue toolbox housing battery, hydraulic pump, and gear storage
• BP 2-5/16" adjustable Demco EZ-Latch coupler, 12,000-lb drop-leg jack, roll-up tarp kit, and ST235/80R16 10-ply radial tires
