Description

PJ Trailers 16' x 83" Low-Pro Gooseneck Dump Trailer
Built for serious hauling capacity and everyday jobsite use, this PJ Trailers 16' x 83" Low-Pro Dump Trailer offers a spacious dump bed, heavy-duty tandem axle setup, and the added stability of a gooseneck configuration. It’s an excellent choice for contractors, landscapers, farmers, and property owners hauling dirt, stone, mulch, firewood, demolition debris, and other bulk materials.
The trailer rides on tandem 7,000 lb Dexter axles with electric brakes and spring suspension. A 2-5/16" round gooseneck coupler rated at 25,000 lbs provides a strong connection to the tow vehicle, while the low-profile design helps keep loading height manageable.
The split/spreader rear gate provides added versatility when unloading, allowing traditional dumping or more controlled spreading of material. This trailer is also equipped with a 7' x 20' pull-bar tarp kit, helping keep loose loads contained and covered during transport.
Features include:

- 16' x 83" Low-Pro dump trailer
- Gooseneck configuration
- 2-5/16" round 25K gooseneck coupler
- Tandem 7,000 lb Dexter axles
- Electric brakes
- Spring suspension
- Split/spreader rear dump gate
- 7' x 20' pull-bar tarp kit
- Low-profile dump design
- Black powder coat finish

With its 16' dump bed, tandem 7K Dexter axles, split/spreader gate, and tarp system, this PJ Low-Pro Dump is a versatile heavy-duty trailer ready for demanding hauling and cleanup jobs.
