Description

When winter strikes, it demands speed and efficiency to keep busy sidewalks and walkways clean. The BOSS Exact Path 2.5 cubic foot drop spreaders do just that. The Exact Path is another solution from BOSS built to efficiently perform in locations where constant foot traffic, tight areas and obstacles are all part of the job. The Exact Path drops deicing material along a precise path while protecting grass or landscaping. Put your UTV, tractor or compact vehicle to work and battle ice with BOSS. 2-year parts and labor warranty.
