LED Package2026 Lamar Trailers Inc FS 102" x 30' 21KNeed to haul bulk material or equipment without having fenders to get in the way? This deckover was designed for you.This model (in the 14k and 16k GVWR) is popular with the non-CDL hotshot industry. A minimum of a 3/4 ton tow vehicle is required, and a 1 ton is highly recommended for the 21k GVWR (triple axle model).The FS model is standard as a gooseneck, but can be built as a bumperpull. Whether you select a straight deck with slide ramps, or the 5' dove and full width rhino ramps, you end up with a great amount of deck space to make hauling loads a breeze.Need to step up to a higher GVWR? Check out the FD model!Features may include:Arctic Wire HarnessPressure Treated Pine FloorPremium Components3 Year Structural WarrantyPremium Powder Coat
