Price: $17,538.00

Description

The Big Tex 22GN is a premium tandem dual gooseneck trailer engineered for the toughest commercial hauling jobs. With a 23,900 lb GVWR, 102-inch wide deck, and a pierced beam low profile frame, the 22GN is built for contractors, hotshot operators, farmers, and equipment haulers who need maximum strength, stability, and long term durability.
This model features dual 10,000 lb oil bath axles, forward self adjusting brakes, and a heavy duty 30,000 lb adjustable suspension, giving it the capability to handle heavy machinery, construction materials, and long distance freight. The dual 2 speed 50K landing gear, Demco EZ Latch gooseneck coupler, and large front toolbox make daily operation fast and efficient.

Airport Trailer’s configuration also includes a rear mounted work light, giving operators better visibility for loading, chaining, and working after dark — a major advantage for hotshot drivers and job site crews.
Buyers can choose between 5' flip over ramps, 8' slide in ramps, Mega Ramps, or a straight deck configuration depending on their loading needs
