Description

2026 Arctic Cat® Prowler XTA side-by-side built for all-day work or all-out excursions. The Prowler is the ultimate utility SxS with optimized suspension for a smooth ride and easy customization options to make it your own.Adventure FurtherFeatures may include:FOCUS ON THE RIDEQUIET YET POWERFUL ENGINEWith CVTech TrailBloc clutches, you get 48-lb-ft of torque without the noise, offering a smooth takeoff with every ride. Plus, the performance-spec clutching reacts quickly for unmatched throttle response.INCREASE YOUR CONTROLTRAIL-TUNED SUSPENSIONThe stock ride quality of the Prowler suspension has been designed with a lift kit to achieve a high ground clearance that will let you navigate tough trails with ease. In both loaded and unloaded driving conditions, this side-by-side handles more aggressive terrain easier with less bounce and increased control, giving you an all around better ride.INCREASED STRENGTH AND PERFORMANCEUPGRADED TRANSAXLE & LOCKING REAR DIFFERENTIALWith an upgraded transaxle for extra durability and a selectable locking rear differential, you'll have the flexibility to adjust your traction based on the terrain.
