### Description

New 2024 Toro Dingo Auger Head (22806)
High-Speed, Swivel Auger Head
Call Kingline Equipment!2024 Toro Compact Utility Loader Attachments Mini Skid Steer Auger Attachment (22806)Mini Skid Steer Auger AttachmentOverviewThis attachment swivels in all

directions to create plumb holes on uneven terrain. The higher speed of this auger power head is ideal for augers up to 24" (61cm) in diameter. Quickly change between auger bit sizes to dig holes for fence posts, footings, irrigation heads and more!Features may include:15° Universal Pivot Power head swivels in all directions allowing the contractor to create plum holes on hills, slopes and uneven terrain regardless of the orientation of the traction unit. The side-to-side swing has a lockout in the centered position.Planetary Gear DriveThe plantetary gear drive provides high speeds and maximum torque to the auger, while transmitting minimal stress on the auger head components. The planetary gear drive insures the longevity of the hydraulic motor.High Speed DriveThe high speed drive provides maximum bit speed of 86 rpm, allowing the auger to dig holes very fast. The high speed drive delivers 960 ft-lbs torque and is fantastic for any contractor wanting to auger many holes in a short period of time in most ground conditions.
