Description

The 2027 Diamond C LPX is the low-profile extreme-duty bumper-pull in Diamond C’s equipment line, sitting low so the ramp angle stays shallow. Extra-wide spring-assisted flip-knee ramps make loading a skid steer or mini excavator a one-person job. Offered in several axle packages, so the rating can be sized to the machine you actually haul.

• 18K - GVWR with Lippert Super Lube axles and forward self-adjusting electric drum brakes
• 8" x 10-lb I-beam main frame with Slipper Roller suspension
• 3" I-beam crossmembers on 16" centers

• 80 to 82" wide deck in 2" treated lumber
• 24" diamond-plate dovetail with cleats
• Extra-wide HD flip-knee ramps, 24" x 60", spring-assisted
• 2-5/16" Demco EZ-Latch adjustable channel coupler (21,000 lb)
• 15,000-lb Simol 2-speed drop-leg jack
