We offer 24-hour parts and service for BOSS equipment during winter weather events. Our well-stocked parts department insures quick and efficient turnaround on your repairs.

Conquer Winter's Toughest Challenges with the BOSS Full Trip Steel Super-Duty Straight-Blade Plow. Built for the most demanding conditions, the Steel BOSS Full Trip Super-Duty Plow is the ultimate weapon to battle snow and ice. Constructed with durable, powder-coated steel, this plow offers superior strength and corrosion resistance, ensuring it stands up to the toughest storms year after year. Featuring heavy-duty push frames, optimized blade curl, and push frame attachment bars, every BOSS Super-Duty Plow is designed for maximum efficiency and performance, making it the go-to tool for large-scale operations and extreme winter conditions. BOSS Super Duty Plows with Full Moldboard Trip systems are engineered to minimize impact on both your plow and vehicle. When obstacles are encountered, the entire blade trips forward, absorbing the impact and protecting your equipment from damage. This system ensures minimal downtime and maximum productivity, keeping you in the fight against winter without interruption.

Cold Front Technology - Cold Front Technology with a newly designed connector, merging Power/Ground cables and Control wires into one.

SL4 with ClearBeam - The low-profile aluminum housing and ClearBeam feature provide exceptional downward illumination, while built-in turn signals, park, warning, and accent lights enhance safety and style.

SmartTouch+ - Offers immediate, responsive control with a familiar design, eliminating delays and simplifying your plow operation.

SL4 L.E.D. HEADLIGHTS - 100% L.E.D. system with nearly double the light output of standard halogen systems

OPTIONAL D-FORCE - Improve your back dragging abilities with D-Force!

SMARTSHIELD PAINT - Sets the standard for supreme quality, corrosion protection, and lasting durability.
