Description

Super Ramp Equipment Trailer

CAM Superline® Super Ramp Equipment Trailers deliver heavy-duty performance with full-width ramps and a durable flatbed design, ideal for hauling equipment with confidence and ease.

Key Benefits

Full-Width Super Ramps – Effortless Loading

These heavy-duty ramps span the full trailer width, simplifying equipment loading—especially for wide or low-clearance machines.Heavy-Duty Tube Bulkhead – Front-End Protection

The reinforced bulkhead adds strength to the frame and protects your cargo during transport and loading.Adjustable Coupler and 12K Drop Leg Jack – Flexible Towing Setup

Easily match your trailer height to different tow vehicles and secure a firm connection every time.Pressure Treated Pine Decking – Long-Lasting Deck Support

Weather-resistant and structurally reliable, this decking handles the weight and wear of repeated hauls.

Why Choose a New Super Ramp Equipment Trailer?

Overview

Designed for professionals who move serious machinery, CAM Superline®'s Super Ramp Equipment Trailers deliver strength and simplicity. With durable construction and a full-width ramp system, these trailers make equipment transport safer, smoother, and more efficient. Whether you're hauling a skid steer, mini excavator, or other heavy-duty tools, the Super Ramp series is ready for the job.Available Models

Choose from deck lengths of 15', 17', or 19', each paired with a 3' cleated beavertail for added loading ease. Models come in 15,400 lb. or 17,600 lb. GVWR configurations, using 7K or 8K axles respectively. Bed widths measure 82", with a deck height of 24" and adjustable coupler height from 19" to 27".Standard Features

Each trailer is built with a 6" channel frame, 3" channel cross members, slipper spring suspension, and diamond plate fenders. Six 5/8" D-rings and multiple stake pockets provide flexible tie-down points. Standard gear includes sealed wiring, LED lights, a 7-way plug, a bolt-on 12K drop leg jack, and a 2-5/16" adjustable ball coupler. The pressure-treated pine deck is sealed for durability, and every unit comes with a spare tire mount and a 3-year warranty.Options

Customize your trailer with a pintle hook, tongue-mounted toolbox, or rub rail. Add extra D-rings for tie-down versatility or upgrade to oak decking for added durability. Optional ramp springs ease lifting (standard on the 8-ton model), while the pallet fork carrier adds specialized hauling capability.
