Description

This is the perfect contractor trailer. This is a Stealth 7 feet wide 14 feet long plus the v-nose, sitting on tandem 3500# axles with brakes on both axles. The outside is polycor- a very durable siding. It has a great lumber rack system with a ladder in the front so you can get up there, there is a cat walk path front to back, and the rack has a roller for easy loading. The roof is composite translucent so it is nice and bright inside. There is a 110 power outlet inside. The rear double doors have removable ramps so you have the best of both worlds and a 12 inch extend tongue. This is a great trailer for the contractor!
AT DAYSPRING, IT IS OUR GOAL TO HELP YOU FIND THE RIGHT TRAILER FOR YOUR NEEDS.
