Price: $6,199.00

MSRP: $8,099.00

Description

The 2027 Wolverine 5 Series is a tandem-axle all-aluminum car hauler, the step up when a single axle is not enough. Slide-in aluminum ramps store at the front of the deck out of the way, and the all-aluminum frame keeps the trailer light enough that the payload does the work. Popular with landscapers, car owners and anyone hauling equipment weekly.

• 7K - GVWR on galvanized-steel axles with self-adjusting electric brakes and a breakaway switch
• All-aluminum double-hollow tube frame with 12" aluminum side rails
• Treated 7x16 wood-plank deck, 84" between the fenders

• Two 16" wide slide-in aluminum ramps that store at the front of the deck
• 2-5/16" A-frame zinc-plated coupler with drop-leg jack and poly wheel
• 4,000-lb bolt-through D-ring tie-downs and aluminum fenders
• All-LED lighting with a lifetime warranty and a 7-way connector
• Aluminum-alloy wheels on Load Range E radial tires

Please give us a call for details and current trailer availability. Descriptions are subject to possible errors, so we recommend calling to verify all information.
