\
\
For commercial contractors outfitting larger vehicles, only a heavy-duty snowplow will do...and the aptly named SnowEx Heavy-Duty Series fits the bill. Powering ahead and rolling heavy snow farther with a 31"-tall steel blade, these plows feature a formed base channel that delivers extra stability. While vertical ribs, two angled Power Ribs and massive quad design provide added strength to prevent the blade from twisting, even under the most punishing winter conditions. \
\
Tough enough to handle the most demanding conditions, the HD Series brings more brawn to plowing. Six vertical ribs, two angled Power Ribs and a massive quad design provide added torsional strength to prevent blade twisting even on the harshest and most punishing jobs. \
\
Blade Width - 8' \ \
Blade Height - 31" \ \
Approx Weight - 747lb. \ \
Cutting Edge - 1/2" x 6" \
\
\
We offer a full repair facility capable of performing PA State Inspections (Trailer, Vehicle, Semi-Annual, Camper/Motorhome.) We are also set up for fabricating and welding. We stock all Common Trailer Parts/Components. \
