**Description**

When the snow starts falling, there’s no time to waste. The world keeps moving, and the snow needs to get out of the way. The **award-winning** PILE DRIVER pusher plows with TRACE edge technology move massive amounts of snow—scraping down to the pavement—so you can get more jobs done faster. Available in 8? to 16? widths, these pushers raise the bar on efficiency.

- Blade Widths: 8', 10', 12', 14' & 16'
- Fits: Skid-Steers, Tractors & Wheel Loaders
- Moldboard: Powder-Coated Steel
- Trace Edge Technology
- Common Attachment Plate
- East Operation
- Self-Leveling Side Plates with Reversible, Bolt-On Shoes
- 3/4" Cutting Edge with Carbide Inserts
- Modular Design (14' and 16' Widths)
