Description

The Panther is a contractor grade trailer designed for every day use. It has a under coated frame with bed liner sprayed tongue, door and wheel boxes. It is constructed with 16" on center side wall studs. The .030 aluminum siding is glued to provide a smooth surface for decals and easy cleaning and the inside is covered with 3/8 plywood for durability.

The roof is constructed with 16" on center roof bows. The roof is 1 pcs aluminum with a liner. The floor also has crossmembers at 16" on center covered by 3/4" Stable Edge water resistant flooring. The 3500# axle is equipped with easy lube hubs and radial tires. Full led lighting including a entry door light. The trailer jack is conveniently set back on the frame to allow the tail gate or hatch of the tow vehicle to open while its attached.

Panther pkg. 4- floor d-rings, side wall venting, 12v outside light by side door, ceiling liner above roof bows, Tapered reverse wedge ramp, set back jack
