Price: $1,695.00

Description

Meyer Base Line tailgate spreaders offer contractors economical ice control and easily attach to any vehicle with a two-inch receiver hitch, but work exceptionally well with SUVs, light pick-up trucks, tractors and utility vehicles. Perfect for small- to medium-sized jobs like icy walkways and long, snowy driveways. Base Line tailgate models are easy-to-use and perform well for small- and medium-scale jobs. The BL-240 is available in a 3.7-cubic-foot capacity, the BL-400 is available in a 6.3-cubic-foot capacity, and the all-new BL-750 is available in a 10.5-cubic-foot capacity. An integrated motor guard protects the 1/6 HP electric motor, and it also serves as a storage stand for

the spreader during off-season. Backed by Meyer 2 year warranty!
