---

**Description**

600# 3C Feedbox This feeder is more accurate and one of the quietest on the market! This completely enclosed feeders help prevent expensive feed loss. You will never have to get out and turn a pulley again. \

- 6" auger
- Chain-driven
- Heavy-duty wiring
- 4" sight hole for visibility
- Tough metal waterproof cover
- Solid metal frame and feed
- Vibrators for light and fluffy feed
- Width of a pickup bed, without extending above the cab

Patented digital counter that measures within 2 lbs. of every 100 lbs. Must be greased every 50 hours of use for optimum performance.
