Description

SEE ATTACHED PDF FOR FULL BUILD SHEET

Heavy Duty Low Profile Telescopic Dump Trailer

Combine our legendary low profile dump trailer design with a heavy duty telescopic cylinder and what do you get? Maximum dumping leverage for your most extreme loads.

HD V-Tongue Lid

The 1/8? thick Diamond Plate HD V-TONGUE LID now comes standard for all Diamond C model LPT bumper pulls, and as a bonus, the black-textured lid also doubles as extra deck space.

3-Way Gate (with Hold Back System)

Say goodbye to the extra chains with the new Hold Back System featured on the 3-Way Gate on LPT and LPT-GN models.

High-Flow KTI Pump

Experience a 25% faster up and down dump cycle time with the new HIGH-FLOW KTI PUMP.

Long-Arm, Easy-Roll Tarp System

Applying the tarp just got a lot easier with the new Long-Arm, Easy-Roll Tarp System that comes standard on LPT & LPT-GN models.

Robust Dump Sides

Model LPT comes standard with a heavy duty 4? top rail and robust side upright supports. This is double the thickness of most similar 14K+ dump trailers on the market. Our dumps also feature a central seam overlapped floor design – this intelligent design prevents premature corrosion by keeping moisture out of the corners.

OPTIONS ON THIS TRAILER:

- Model - LPT
- Package Options - Standard
- GVWR - 207 Package (15.5K GVWR)
- Length/Width - 14' x 82" - 207 pkg
