Description

The Nexhaul 10K Dump Trailer is your go-to for strength, reliability, and all-around performance. With a 10,000LB GVWR and dual 5,200LB axles featuring electric brakes, it’s built to handle

demanding loads with ease. The dual hydraulic cylinders provide smooth, controlled lifting and lowering, giving you precision on every job. Constructed with an 11-gauge steel floor, a 72" wide bed, and a low 23" bed height, this trailer is designed for maximum durability and efficiency. The barn door gate and stake pockets ensure versatility for hauling, while four in-bed D-rings make securing your cargo a breeze. Packed with practical features like EZ lube hubs, LED lights, a lockable toolbox, and a wired remote for the hydraulic pump, the Nexhaul 10K Dump Trailer is built for convenience and dependability. With heavy-duty steel wheels, super-duty safety chains, and a powder-coated finish, this trailer is ready for years of rugged use. Whether it’s for work or play, this trailer delivers serious performance every time.
