Description

14OT HEAVY DUTY OVER-THE-AXLE TILT BED EQUIPMENT

The 14OT heavy-duty over-the-axle tilt trailer is designed with a scissor-style hydraulic hoist providing more load stability and energy efficiency than single-ram systems and less maintenance and upkeep than dual-ram systems. Optimized for low-profile equipment the 14OT has a knife-edge at the rear of the bed to provide a smooth transition while loading and unloading.
