Description

There is a new trailer in town! I was so impressed with this trailer I just had to bring a semi load of them to Colorado. The unique Aluminum frame and Plastic bed make this trailer light and versatile,

yes it's engineered to be durable and even carries a 10 year warranty on the plastic bed! Check out the videos of them torturing the bed and it hold up! The light weight if this trailer is impressive as well. This entire trailer only weights 290 lbs. You can haul it with your Side By Side! \
The design has one of the easiest gates to use and the bed tilts for easy loading or dumping of material. Several tie downs in the bed to secure your equipment. \
