Description

The Kendon Stand?Up™ Motorcycle Trailer is the industry’s leading folding, space?saving bike transport trailer, engineered for riders who want premium quality, effortless towing, and compact

storage. Kendon’s patented Stand?Up™ design allows the trailer to fold and store vertically, taking up only a fraction of the space of a traditional motorcycle trailer — perfect for garages, shops, and tight storage areas.

Built with a lightweight tubular steel frame, independent torsion suspension, and Kendon’s signature low?load platform, this trailer delivers smooth, stable towing for motorcycles, dirt bikes, sport bikes, cruisers, and scooters. Integrated tie?down points, a removable loading ramp, and high?traction deck surface make loading fast, safe, and secure.
