Price: $12,499.00

Description

The 2027 Stealth Cobra Premium Snow Trailer takes the same aluminum Cobra platform and adds the finished interior, upgraded trim, and expanded lighting package expected in a premium snowmobile trailer.

Built on a 2" x 6" welded tubular aluminum main frame, the Cobra Premium combines lightweight construction with a 7,000 lb GVWR and tandem 3,500 lb brake axles. The 16" on-center floor, wall, and roof construction provides a solid foundation for hauling snowmobiles and gear throughout the winter.

Inside, the Premium package adds white vinyl-finished sidewalls and ceiling, ATP corner molding, and a 12" ATP kick plate for a cleaner, more finished appearance. The LIGHTLID translucent roof provides natural light during the day, while the upgraded LED lighting package makes loading, unloading, and working around the trailer easier after dark.

Key Features

• 7,000 lb GVWR
• 2,843 lb Trailer Weight
