Price: $1,899.00

MSRP: $2,199.99
Sales Price: $1,899.00

Description

** DETAILS**
Compatible with skid steer loaders, compact track loaders and compact tractors equipped with a universal quick attach interface, the Ignite Snow Pusher turns heavy snow into a lighter lift for your

machines with faster and more efficient snow pushing capabilities. Ignite snow pushers are also available in 6-foot and 7-foot widths.
The Ignite Snow Pusher is designed with a 1.5” x 8” (Replaceable) Rubber edge, which provides protection to the attachment and the carrier while also protecting the surface you are clearing.
Features & Benefits:
Universal Quick Attach Interface: Quickly and easily connects to skid steer loaders, compact track loaders, and compact tractors with a universal quick attach interface.
8-inch Replaceable Rubber Cutting Edge:Designed with a 1.5” x 8” (Replaceable) Rubber edge, which provides protection to the attachment and the carrier while also protecting the surface you are clearing.
Reversible Skid Shoes: Doubles the lifespan of the skid shoes to reduce costs.
Replaceable Skid Shoes: Extends the lifespan of the snow pusher itself.
Corrosion-Resistant Finish: Stands up to harsh winter conditions.
Optional 8' Back Drag Kit: Adds greater versatility—enabling you to pull snow away from buildings and other hard-to-reach places.
Product Overview: The Universal Quick-Attach works great on compact tractors outfitted with compatible front-end loaders and can also be used with skid steer and compact track loaders. The 33? deep blade and 8? replaceable, adjustable rubber wear edge get the job done.
****NOTE(S):**
May not be compatible with some skid steer loaders outfitted with forward opening door.
For best performance, we would suggest setting the lowest portion(rear side) of the rubber edge roughly ¼ -½" up from the ground (bottom of the skid shoe). This attachment is not designed to scrape the working surface clean. If being used for more rugged/commercial use, we recommend the poly cutting edge.
Warranty: 12-month warranty
