Sales Price: $122,700.00

Description

NEW 2026 REGAL LS2 SURF ULTIMATE EDITION FOR CLEAN WAKES AND A SMOOTH RIDE!

2026 REGAL LS2 SURF ULTIMATE EDITION powered with a Volvo 300 HP V8 motor with Volvo's Forward Facing Drive and an EZ Loader Custom Tandem axle trailer with disc brakes, aluminum wheels with matching spare tire, swing away tongue, led lights and rear self ratcheting tie downs.

The ULTIMATE EDITION Option gives you thousands of different ways to customize the exterior and interior of the vessel.

This boat will have a Graphite hull side with a Tahiti Beach White Bootstripe, Black hull bottom and a Black S2 Power Tower that powers down with the push of a button on the helm.

The interior is stunning with the new Chill Cool Touch Vinyl which allows for darker interior color combinations without getting to hot in the sun to sit on. Base vinyl is done in Lunar Grey Chill with Black accents. Color rendering for both the exterior and interior are in the pictures.

This boat is LOADED with features and options including Regal's Surf 2.0 System giving you integrated ballast, massive surf tabs and intuitive rider controls all done on either of the two Garmin 9" flat screens flush mounted at the helm. This boat throws out an awesome wake with great curl and push but unlike traditional inboards, it handles extremely well both forward and reversing, turns much better and still has a top end speed of 50 mph when you feel like you need to rock and roll!

Other features and options include snap on bow and cockpit covers, Fusion high performance stereo system with the JL ULTIMATE Audio upgrade, subwoofer, amps, tower speakers and rear transom stereo remote, snap in Seagrass cockpit mat, Seadek covered swim platform, bow walk thru doors, stainless steel docking lights, built in stainless steel fender clips, swivel board racks, large watersports mirror, bow filler cushions, LED Light package, Underwater lighting, dual batteries with switch, water height swim platform and more.

This is the ULTIMATE SURF BOAT that performs, handles and rides extremely well for tens of thousands less than a competition inboard!

Located in our Omaha, NE store.
