Sales Price: \$1,559.00

Description

DETAILS

Use the Ignite land grader to break up packed material, cut out ridges, fill in ruts and smooth out washboard surfaces. Ignite land graders are also available in 60-inch widths.

The Ignite 3-point land grader is ideal for smoothing and leveling gravel roads, paths, driveways or parking lots, or evening out fields. This easy-to-attach implement loosens hard-packed soil and gravel, cutting down the high spots while filling in the low spots. It makes full use of the existing material on your jobsite to save on dirt and gravel. Like every Ignite implement, it's designed to provide a flawless fit with your preferred tractor model.

Two Cutting Edges

Double up your grading performance with two high-quality cutting edges. Reversible blades extend the cutting edge's life.

High-Quality Steel

Built from high-grade steel, the Ignite land grader delivers durability to last for years of regular use.

Corrosion-Resistant Finish

The land grader's finish resists corrosion to further extend its life and performance.

Adjustable Skid Shoes

Provide adjustment for specific grading requirements. Also enable operators to crown roadways and driveways.

Top Tasks

Grade driveways

Level land

Fill in potholes

Smooth ditches

How It Works

As you drag the implement with your tractor, the land grader's dual cutting edges engage the ground to loosen soil or gravel and spread it into low areas.

Warranty: 12-month warranty
