Sales Price: $949.00

Description

DETAILS
The perfect fit for your compact tractor, this angle blade is an economical choice for leveling, backfilling, grading and removing snow on farms or acreages. Ignite angle blades are also available in 60-inch and 72-inch blade widths.
72-Inch Angle Blade Shown.

Rotate and Reverse
The 3-point angle blade rotates a full 360 degrees with five forward and five reverse settings to be pulled or pushed.

Category 1, 3-Point Hitch

A 3-point hitch is used to connect your rear-mounted angle blade attachment. An adjustable top link is centered above two lower link arms, comprising the three points. The angle blade attaches easily with connecting pins at each point.

Top Tasks

The 3-point angle blade pushes or scrapes snow from roads or the middle of parking areas
Finish-grades gravel roads and driveways, levels land, or backfills areas around buildings or feedlots

How It Works

The angle blade attachment does not require power take-off (PTO). Simply attach it to your compact tractor’s 3-point hitch and get started.

Warranty: 12-month warranty
