Price: $5,945.00

Description

Overview

Buyers Products SaltDogg SHPE1500 Electric Poly Hopper Spreader gives contractors and facility managers a low-volume hopper spreader ready for residential or commercial use. Electric power means quieter operation with no need for refueling or engine servicing. The durable 1.5 cubic yard poly hopper features a patented double-wall construction. It fits a 3/4 ton or 1 ton pickup truck and uses a bulk salt or a 50/50 salt/sand mix.

The spreader features a 2-1/2 in. stainless steel auger and trough and a 200 lb capacity vibrator to keep material flowing. The auger will automatically reverse if it gets jammed, helping to clear the clog and restore flow. It's powered by an independent 1/2 HP, 12V gear motor. A 14 in. polymer spinner, powered by an independent 1/4 HP, 12V gear motor, can cast a 5-30 ft radius. The vibrator and auger/spinner speeds are controlled by a closed-loop, in-cab controller.
The SHPE1500 also comes outfitted with a top screen, tie downs, fitted tarp, and remote auger bearing grease kit.

Features

Fits 3/4 ton and 1 ton pickup trucks.

Durable, patented dual-wall poly hopper with 1.5 cubic yard capacity.

12V DC-powered electric drive with independent auger and spinner motors.

Handles bulk salt or a 50/50 sand/salt mix.

In-cab controls feature independent conveyor and spinner speed settings and vibrator control.

14 in. poly spinner broadcasts material up to 30 ft.

The 5-1/4 in. steel variable pitch auger with stainless steel trough keeps material flowing.

Swing-away chute allows for easy cleaning, storage and bulk unloading.

Vibrator, top screen, fitted tarp, tie downs and remote auger bearing grease kit included.

Forklift slots for ease of loading.

Backed with a 2 year warranty.

Made in the USA.
