Description

From transporting a zero-turn mower to hauling a heavy load of lumber, this rugged 5.5 x 11 ft. Steel Utility Trailer is ready for nearly any task. Patented fold-down rails allow for loading via forklift. Road performance is excellent via Karavan's SwayControl and QuietTow engineering. Reliability is built-in with smart lighting and wheel bearing systems. It looks good too, with a powder coat finish as attractive as it is durable.
