DEMO- 2026 SNOWDOGG 9.5' Extreme Duty V-Flare Snow Plow

**
DEMO UNIT**

Professional Installation: $700

*****Price includes in stock mount and light kit. If out of stock, shipping will apply.******

ADD ULTRA BRIGHT LED LIGHT OPTION for $499!!!

SnowDogg Illuminator(tm) LED Headlights are brighter and longer lasting than traditional halogens. Active Defrosting Technology(tm) keeps the Illuminators ice-free even in the biting cold - a central heat source defrosts the entire lens evenly, preventing the streaking or banding that's common with other LED plow lights.
SNOWDOGG(r) VXFII SNOW PLOW WITH RAPIDLINK(tm)

Trip Springs: 4
Angle Cylinders: 1-1/2 x 1-3/4 x 12
Lift Cylinder: 2 x 6
Mounting System: Rapid Link
Stand: Drop Leg

LOW MAINTENANCE BLADES

Dual corrosion resistant 304 stainless steel moldboards never need paint. A robust frame spreads impact across the blades to reduce wear on vital components.

- Full-length 2 in. cross tube
- Heavy duty bottom channel
- Four 1/4 in. laser-cut steel ribs per wing
- 1/2 in. cutting edges

QUICK AND EASY ATTACHMENT

Mount and dismount in one minute or less with the new RapidLink(tm) Attachment System.

- Center-mounted drop foot props up your plow on any surface with the pull of a handle
- Hydraulically powered Jack Switch(tm) adjusts your plow's mounting height on the fly so it's easy to line up with your vehicle
- Connects to your truck with a single driver side foot pedal

CLEAN, EVEN SCRAPE

The tubular steel Floating A-Frame features a sliding-pin connection so the plow contours the ground for a clean, efficient scrape. Outstanding performance at any mounting height.

COMPONENTS YOU CAN RELY ON

From the municipal style chain lift to the fully enclosed hydraulic power unit, the VXFII is built to endure whatever winter throws at you.

- Powerful 2 in. lift cylinders
- Over-sized 1-1/2 in. angle cylinders
- Fully enclosed 2 HP hydraulic power unit
- SAE standard cartridge valves and hefty 3/8 in. rubber hoses

POWERFUL BACK DRAGGING

Double acting 1-3/4 in. angle cylinders make it easy to put snow where you want it. Back drag with confidence, even in tight spaces.

SMOOTH TRIP EDGE ACTION

Each wing has an independent 6 in. trip edge and two stress-optimized trip springs to protect your equipment from hidden curbs and obstacles without dumping the snow you're pushing.

NCLUDED ACCESSORIES

Intuitive in-cab controls are simple to use even with gloves on. The backlit, one-handed controller puts all plows functions, including angle, scoop, and V, in the palm of your hand.

Other standard accessories:

- Contoured poly snow deflector
- Wire reinforced blade guides
