Introducing the VBX+ - Where Innovation Meets Performance. Get ready to revolutionize your snow and ice management game with the VBX+, the dawn of spreader technology from BOSS. Designed for the modern contractor, the VBX+ is packed with smart features that put you in control like never before, allowing precise material distribution and seamless job site tracking. The VBX+ 2yd auger is equipped with a deicing capacity of up to two cubic yards, specifically designed for your 3/4-1 ton truck. It is constructed to effectively break through frozen chunks of salt and sand. Say goodbye to downtime with easy-to-maintain components and unrivaled power and performance. With sleek LED lighting, advanced safety features, and intuitive design enhancements, the VBX+ will do Whatever It Takes to Keep 'Em Open when winter weather strikes. Elevate your operations, embrace the future, and experience the VBX+.

- AutoSpread Control - Spread salt without the guesswork. BOSS AutoSpread Control automatically matches material flow to your vehicle speed for precise, consistent spreading. Available on all VBX+ and MBX+ spreaders. ***AVAILABLE FOR AN ADDITIONAL COST!!!***
- VBX+ Overview - Discover the standard smart features, as well as the updated and new features that differentiate it from BOSS' previous VBX line and competitors.
- SPREADER MATERIAL GUIDE -Learn more about the types of spreader material for your equipment.
- Cold Front Technology - Cold Front Technology with a newly designed connector, merging Power/Ground cables and Control wires into one.
