Description

This 2024 Trailex CTE-84180T Enclosed Car Hauler is an all-aluminum trailer built for owners who want a lightweight, easy-to-tow hauler without sacrificing durability. An aluminum frame and aluminum floor keep weight down while standing up to years of use, and the V-nose design improves aerodynamics and fuel economy on the road.
Loading is straightforward with 11 ft pull out rear ramps, and the diamond plate front adds an extra layer of protection where road debris hits hardest. A driver side awning door adds convenient access and weather protection, while the spare tire carrier keeps you prepared for the unexpected. Torsion axles and aluminum wheels deliver a smooth, stable tow, and LED lighting keeps the trailer visible in any conditions.
With an 18 ft floor length and a GVWR of 7,000 lbs, this CTE-84180T offers a manageable footprint with real hauling capability, and a payload capacity of 4,700 lbs covers most single-vehicle and light equipment loads with room to spare. Originally $34,999, it's available now at $32,999. Contact Rock's Trailer Sales in Grove City today and reference Stock #754814 to schedule your inspection or reserve this Trailex CTE-84180T before it's gone.
