Description

80" Rock Bucket
• Constructed of 1” solid plate steel Grade 50 with plasma cut teeth
• Rods are 7/8” solid rod placed 3 ½” on center which gives a 2 7/8" spacing between rods
• Welded to a heavy 3”x 4” x 3/8” angle iron top and bottom
• Side plates are 1/2” plate steel
• Reinforced heavy duty universal mounting brackets.
• Bucket constructed for many years of use

• Ideal for rocks, brush and debris
